

[illegible]

- 10 - instrument input
- 12 - preamp section
- 14 - power amp
- 16 - power attenuation circuit
- 18 - loudspeaker
- 20 - amplifier
- 21a - input terminal
- 21b - input terminal
- 22 - conductor
- 23 - terminal
- 24 - fixed resistor
- 25 - conductor
- 26 - continuous tapped coil
- 26a - coil partition
- 26b - coil partition
- 28 - junction point
- 29 - conductor
- 30 - controller
- 31 - ground terminal
- 32 - controller output node
- 33 - conductor
- 34 - conductor
- 40 - amplifier chassis
- 42 - heat sink
- 44 - washer
- 46 - nut
- 48 - control knob
- 50 - distance member
- 52 - screw
- 54 - screw
- 56 - stand alone volume control unit
- 57 - amplifier with incorporated volume control unit
- 58 - loudspeaker cabinet
- 59 - loudspeaker cabinet with incorporated volume control unit
